

"The Ward Family and the professionals who work with us, take our commitment to the community very seriously.

We believe that people deserve funeral service options that make sense for the way they live, respect the beliefs they hold dear and honour the people they cherish."

Your time with us, will allow you to experience how all of our staff embrace the above statement. With three locations serving very distinct communities, this will be a wonderful opportunity for you to view the many different ways families acknowledge and celebrate a life lived.
